

VW Nationals 2021

Peer Judging Sheet

This is your Peer Judging sheet. Please wander through the show, and choose your 20 favourite VWs (of as many different types as you like). You don't need to know what category the car is in.

We only ask that you choose **TEN** different **air-cooled** VWs, and **TEN** different **water-cooled** VWs.

Air-cooled VWs are the classic Beetles, Karmann Ghias, Kombis, Type 3 'notches', 'squarebacks' and 'fastbacks'; beach buggies and kit cars. Their engines are in the back.

Water-cooled VWs are all the modern Golfs, Polos, Passats, Jettas and Transporters, as well as Audis, Seats and Skodas. Their engines are (mostly) in the front.

To select your favourite vehicles, please write the cars' **entrant numbers** (from their windscreen sticker) in the boxes below. The numbers will computer-tallied with the entry forms to calculate the winners.
